Department of Biotechnology and Microbiology

Activity Report of Logo competition

To uncover the hidden talent of students and build creative connect a logo competition was organized for the national conference “Microbiome: The Story Untold!”.

Students were appealed to make a logo either a hand made or a digital format that represent various themes of the conference viz., human microbiome, plant microbiome, environmental microbiome, functional foods and microbiome engineering. The last date for submission of entries was 13th October 2021.

Total 62 entries were received from 14 different colleges from Mumbai, Navi Mumbai, Pune and Thane. Total number of participants were 40.

With a completely blind assessment, the best Five entries were short listed by the panel of three faculties Ms. Purvi Shah, Ms. Rucha Khadake and Ms. Judith Talker. Ten members of the organizing committee then voted to select the one best.

The logo designed by Ms. Isha Pisal, Second year Microbiology, B. N. Bandodkar college of science was declared as the winner of the competition.

The logo would get represented on conference brochure, proceedings and certificates.
