Department of Biochemistry

Academic Year 2021-22

Activity Report: Movie Club

The Department of Biochemistry had organized online MOVIE CLUB Activity for all Biochemistry Students on 9th October, 2021 on the platform of Google meet. 39 students along with the four teachers attended the same.

Ms. Sayali Daptardar, In-Charge of Biochemistry Department, began the event with brief introduction about Jeevika & Movie Club. Then she oriented students towards code of conduct during lecture & practicals and also encouraged them get involved in co-curricular, extra-curricular activities, internship programme and also in online courses. At the end of talk, she also emphasized the importance of having good communication skills, good public speaking skills.

Following 4 groups of T. Y. B. Sc. Students actively participated and presented a movie under the guidance of teachers, Ms. Rucha Khadke & Ms. Pooja Kanse.

Group 1	Kushal & Prasad	Skin Immunology
Group 2	Sana & Pooja	Glucose Metabolism
Group 3	Mitali & Shivani	Cancer Biology
Group 4	Pranati & Bhakti	Molecular Biology

Students & teachers of the department also raised some questions which fueled active discussion on the topic. Ms. Sayali Daptardar & Ms. Meetali Chinnkar judged the event on the basis of Conceptual Understanding, Presentation skills & Ability to answer questions.

Maximum students liked the presentation on the topic of 'cancer biology'. Students found activity extremely good & they are also showed interest in participating in such activities in future. The Activity ended by 7.00 pm with a vote of thanks to all.

Outcome of the Activity:

- Students learned the topics presented in much broader scale than the syllabus.
- Students understood the efforts required to put in for better presentation skills and public speaking
- Movies helped to them understand biological events in better way.
