Additional information

Students of F.Y.B.Sc (PMS) Participated in PPT Presentation. A total of 13 groups presented their ppt which was based on basic statistical concepts. New branches and future careers were also presented. Students gave presentations on Data science. Explained concepts of data learning, machine learning and the way of becoming a data scientist. They also explained handling data, its collection, storage, and cleaning. Students also explained in brief the idea of sustainable development goals-2(Hunger, Achieve food security and improvement Nutrition).
